Sub: Settlement of outdoor claims – CGHS rates regarding.

It has been brought to notice that in certain circles outdoor expenditure is being restricted as per CGHS rates. As per the policy, the restrictions are prescribed for outdoor expenditure is annual ceiling and cost of food supplements as per the guidelines issued vide OM No. BSNL/Admn.I/15-6/14 dated 17<sup>th</sup> April 2015. For indoor treatments the restrictions prescribed are settlement of claims as per CGHS rates for which there is no upper ceiling. In outdoor expenditure, mostly the consultations, tests etc. vary from doctor to doctor and city to city. Any such restriction would create bitterness among the employees, therefore restrictions within restrictions may not be advisable.

This issues with the approval of the Competent Authority.
